HIGHLANDER-CS™

REVOLUTIONARY LAMINATE SHINGLE

WWW.MALARKEYROOFING.COM

HIGHLANDER-CS™ AND HIGHLANDER-CS™ AR

RUGGED DURABILITY

Malarkey's revolutionary Highlander-CS™ shingle technology begins with a durable base layer of fiberglass mat. Malarkey's unique fiberglass mat is coated on both sides with quality asphalt which provides long term weatherability and granule adhesion, protecting your investment.

3M ROOFING GRANULES

Malarkey Roofing Products™ exclusively use 3M granules, which are the standard of quality and performance for the roofing industry and provide the highest degree of ultraviolet protection to ensure a lasting roof.

ALGAE RESISTANT GRANULES

The Highlander-CS™ AR features Algae Resistant granules from 3M, the single most effective solution available against algae damage.

ZONE®

One of the most critical aspects of a successful roofing project is correct shingle installation. Improper fastener placement is the leading cause of incorrect shingle installation and can subsequently void the warranty.

The Highlander-CS™ is manufactured using the patented ZONE® technology which includes a tapered nailing area over three times larger than other laminate shingles. The ZONE's® larger nailing area dramatically improves correct fastener placement.

TEST COMPLIANCE

- ASTM D 7158 Class 'H'
- ASTM D 3161 Class 'F'
- ASTM D 3018 Type I
- ASTM D 3462
- ASTM E 108 Class 'A' Fire Rating
- CSA A 123.1/A 123.5

FEATURING

- 30 year Limited Material Warranty
- 70 mph (113 kph) Limited Wind Warranty
- 110 mph (177 kph) Enhanced Wind Warranty Available
- Your Choice™ Warranty Program
- 5 year Right Start™ Warranty
- The Highlander-CS™ AR features a 10-year Algae Resistance Warranty
- The Malarkey Highlander-CS™ shingles hold a Class 'A' Fire Rating, the very best fire rating achievable

ENERGY EFFICIENT ROOFING

Highlander-CS™ Dove White shingles meet California Energy Commission's Title 24 requirements based on solar reflectance and thermal emissivity testing for steep slope roofing. Dove White shingles promote energy savings and global warming alleviation while complying with green building programs.

*DISCLAIMER: Sample pieces or photographs of shingles may not accurately represent the true color or variations of color blends that will appear on the roof. Before installation, five or six shingles should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. Limited warranties carry terms and conditions. Contact your nearest Malarkey source for further information. See Malarkey Your Choice™ Warranty for details. * Colors available in South Gate production only. This version supersedes all previous versions. Rev. 1/11.*
